FLASH

Dear Members, السلام عليكم

March 10, 2020.

PALPA Executive Committee is cognisant of the fact that Pilots mostly cooperate with the Scheduling staff despite being faced with demanding situations. There have been occasions where some of us were treated impolitely/inappropriately by the PIA scheduling Staff.

It has therefore been decided by PALPA Executive Committee that in case of such incidents pilots must report to their management pilots following the chain of command in order to address and have a proper remedy of such unpleasant incidents.

All unaddressed/unsatisfied grievances must be addressed to PALPA Executive Committee.

PALPA Executive Committee assures you all full support on this issue.

With Best Regards,

Capt. Narejo
GENERAL SECRETARY
