SUBJECT: TEMPORARY RESUMPTION OF FLIGHT OPERATIONS- PIACL

Dear Sir,

It has been brought to the notice of PALPA that PIACL is planning to resume international flight ops. On behalf of PALPA and its members, this letter voices our strong concern over the lack of pre-requisite measures being taken to ensure the safety and security of crew during the ongoing worldwide challenge of the COVID-19 pandemic.

It is critical to have the following issues clarified before the crew is called to perform the above-mentioned duty:

- The protective measures SOP for Crew, aircraft, and pax to be shared with PALPA for review.
- Flight Patterns to be shared with PALPA so as to assure no FDTL violations are made.
- A written surety provided for immediate medical care and attention in case of any unfortunate incident of crew contracting the coronavirus.

It is further stated that PALPA remains committed to its core function of ensuring safer skies in our country, while keeping the health and safety of our members paramount.

Additionally, we reassure you of our full support in facilitating stranded passengers through this noble initiative by PIACL, provided the issues highlighted in this letter are addressed satisfactorily.

With Best Regards,

Capt. Narejo
