Dear Members, السلام عليكم

April 05, 2020.

It has come to our notice that on recently operated "humanitarian flights" safety has been compromised and COVID-19 related SOPs have been ignored.

The safety and health of our crew members has always been and remains our utmost priority. PALPA will in no circumstances compromise on the safety of its members.

All PALPA Members are urgently advised to not operate ANY flights until further notice.

With Best Regards,

Capt. Narejo
GENERAL SECRETARY
