## DEDUCTION IN SALARY

Dear Members, السلام عليكم

April 03, 2020.

With reference to the attached letter (Ref: PALPA/G/06/41 dated 23<sup>rd</sup> March 2020), the PALPA Executive Committee approved deduction of three days BASIC salary. However, the PIACL management wrongfully deducted three days of GROSS salary.

This illegal deduction has been called to the attention of the Chief of Flight Operations/DFO who has assured us that the matter will be resolved and the wrongful deductions will be returned to all PALPA members.

Members will be kept informed of any further development on this subject.

With Best Regards,

Capt. Narejo  
GENERAL SECRETARY

**SUBJECT: DONATION OF THREE DAYS OF BASIC SALARY FOR COVID-19 FUND**

Dear Sir, السلام عليكم

PALPA has always been at forefront in testing times, whenever our nation so required. Our long history is full of such instances when PALPA went out of the way and sacrificed for the sake of our country and national pride.

Recent performance of our crew, beyond the call of duty, to fly back passengers from the most vulnerable destinations with minimal protection, exemplifies our professional resolve and patriotism.

We would like to continue with decade old legacy and we understand that nation requires our help and assistance during ongoing challenge.

In order to not to let down our nation, we would like to come forward and stand shoulder by shoulder with our Government. ***We hereby donate our three (03) days of basic salary from our members' salaries,*** which may be deducted at source and the same cheque may kindly be sent to PALPA enabling us to deposit in COVID-19 Fund, established by Federal Government.

It is pertinent to mention that we remain steadfast and available, whenever our services are required and rest assured, we shall go an extra mile to resume PIA Flight Operations and normalize air travel in our skies, once pandemic is under control.

We assure you our full cooperation to attain mutual goals.

Warm Regards and Best Wishes!

Capt. Ch. Salman  
PRESIDENT
