INFO

Dear Members, السلام عليكم

May 22, 2020.

It is with a heavy and grieving heart I offer condolences to the family members and friends of the victims of today's plane tragedy.

We have lost dear crew members who selflessly were fulfilling their professional duties despite risk to health.

As professionals we trust the organization we provide our services will keep our and our passengers' safety and security as their utmost priority.

Every single human life is precious. We assure every citizen in our great nation that PALPA will not only push for a transparent investigation of the incident, but also a full disclosure of the findings.

This is critical to ensure justice and accountability so that actions and measures can be taken to prevent such devastating loss of life.

We are all in grief and pain and mourn as colleagues, brothers and sisters together and stand in support of the impacted families.

With Best Regards,

Capt. Narejo
GENERAL SECRETARY
