INFO

Dear Members: - السلام عليكم

June 27, 2020.

PALPA Executive has taken full cognizance of the prevailing situation that enraged and demoralized our membership at large. We convey our deepest concerns on the ongoing witch-hunting through this illicit process.

PALPA Executive Committee advices our membership to remain steadfast and calm as we work through to bring back the lost reputation of PIA Pilots. It is further emphasized that the Executive Committee shall go out to protect the legitimate interests of our membership.

We assure that Executive Committee shall leave no stone unturned to bring justice to our members.

With Best Regards,

Capt. Ch. Salman
